The proposed timetable for the Buyback is set out under paragraph 14.

2. NECESSITY/RATIONALE FOR BUYBACK:

The Buyback is being undertaken by the Company after taking into account the future cash requirements of the Company and for returning surplus cash to the shareholders holding equity shares of the Company. The Board at its meeting held on July 11, 2022, considered the accumulated free reserves as well as the cash liquidity reflected and considering these, the Board decided to allocate a sum of ₹ 130 crores (Rupees One Hundred Thirty crores only) for distributing to the shareholders holding equity shares of the Company through the Buyback.

Buyback is a more efficient form of distributing surplus cash to the shareholders holding equity shares of the Company, inter-alia, for the following reasons:

- (i). The Buyback will help the Company to distribute surplus cash to its shareholders holding equity shares;
- (ii). The Buyback would help in improving return on equity, by reduction in the equity base, thereby leading to long term increase in shareholders' value;
- (iii). The Buyback gives an option to the shareholders holding equity shares of the Company, who can choose to participate and get cash in lieu of equity shares to be accepted under the Buyback Offer or they may choose to not participate and enjoy a resultant increase in their percentage shareholding, post the Buyback Offer, without additional investment;
- (iv). The Buyback would help in optimizing the capital structure.

3. BASIS FOR DETERMINING THE MAXIMUM BUYBACK PRICE AND OTHER DETAILS

- 3.1. The Equity Shares of the Company are proposed to be bought back at a price not exceeding ₹ 325/- (Rupees Three Hundred Twenty Five only) per Equity Share. The Maximum Buyback Price has been arrived at after considering various factors including, but not limited to the trends in the volume weighted average prices of the Equity Shares on the BSE Limited ("BSE") and the National Stock Exchange of India Limited ("NSE"), and together with BSE, the "Stock Exchanges" during 3 (three) months and 2 (two) weeks preceding the date of intimation (i.e. July 06, 2022) to the Stock Exchanges of the Board Meeting to consider the proposal for buyback ("Prior Intimation") and the possible impact of Buyback on the net worth and earnings per share of the Company.
- 3.2. The Maximum Buyback Price represents:
 - a) Premium of 15.32% over the average of the volume weighted average market price of the Equity Shares on NSE (the stock exchange where the maximum volume of trading in the Equity Shares is recorded) during the three months preceding the date of Prior Intimation; and
 - b) Premium of 14.68% over the average of the volume weighted average market price of the Equity Shares on NSE (the stock exchange where the maximum volume of trading in the Equity Shares is recorded) during the two weeks preceding the date of Prior Intimation
- 3.3. The Company confirms that consequent to the Buyback, the ratio of the aggregate of secured and unsecured debts owned by the Company after the Buyback will not be more than twice of the paid-up share capital and free reserves based on both audited standalone and consolidated financial statements of the Company.
- 3.4. Shareholders are advised that the Buyback of the Equity Shares will be carried out through the Stock Exchanges by way of the open market route, where the Equity Shares of the Company are listed, by the Company, in its sole discretion, based on, among other things, the prevailing market prices of the Equity Shares, which may be below the Maximum Buyback Price of ₹ 325/- per Equity Share.
- 3.5. The actual number of Equity Shares bought back during the Buyback will depend upon the actual price, excluding the Transaction Costs, paid for the Equity Shares bought back and the aggregate consideration paid in the Buyback subject to the Maximum Buyback Size.
- 3.6. The actual reduction in the existing number of Equity Shares would depend on the price at which the Equity Shares of the Company are traded on the Stock Exchanges as well as the total number of Equity Shares bought back from the open market through the Stock Exchanges during the Buyback Period.
- 3.7. The quantum of daily purchases by the Company during the Buyback period may vary from day to day. As permitted by the Buyback Regulations, the Buyback will be carried out over a maximum period of 6 (six) months.

4. METHOD ADOPTED FOR BUYBACK

In terms of Regulation 40(1) of the LODR Regulations, as amended, except in case of transmission or transposition of securities, requests for effecting transfer of securities shall not be processed unless the securities are held in dematerialized form with a depository. Accordingly, the Buyback is open to beneficial owners holding Equity Shares in dematerialized form ("Demat Shares"). The Buyback will be implemented by the Company by way of open market purchases through the stock exchanges, by the order matching mechanism except "all or none" order matching system, as provided under the Buyback Regulations. The promoters, promoter group, and the persons in control of the Company shall not participate in the Buyback.
- 4.2. Further, as required under the Buyback Regulations, the Company will not buy back Equity Shares which are locked-in or non-transferable, until the pendency of such lock-in or until the time such Equity Shares become transferable, as applicable. In relation to the Buyback of Demat Shares, the execution of the order, issuance of contract note and delivery of the stock to the member and receipt of payment would be carried out by the broker, appointed by the Company, in accordance with the requirements of the Stock Exchanges and SEBI.

5. COMPLIANCE WITH REGULATION 4 OF THE BUYBACK REGULATIONS

The maximum amount of funds required for the Buyback will not exceed ₹ 130 crores (Rupees One Hundred Thirty crores only), being 7.26% and 7.25% of the aggregate of the total paid-up share capital and free reserves of the Company, which is less than 15% of the aggregate of the total paid-up share capital and free reserves of the Company based on the latest audited financial statements of the Company as at March 31, 2022 (on a standalone and consolidated basis, respectively).

24. MANAGEMENT DISCUSSION AND ANALYSIS OF THE LIKELY IMPACT OF THE BUYBACK ON THE COMPANY

- a) The objective of the Buyback is to (a) improve return on equity, by reduction in the equity base, thereby leading to long term increase in Shareholders' value; and (b) give an option to the Shareholders holding Equity Shares of the Company to either (i) participate and receive cash payments in lieu of Equity Shares to be accepted under the Buyback, or (ii) not participate and enjoy a resultant increase in their percentage shareholding in the Company, after the Buyback, without any additional investment. The Company believes that the Buyback is not likely to cause any material impact on the profitability/earnings of the Company except a reduction in the investment income, which the Company could have otherwise earned on the amount distributed towards Buyback.
- b) The Buyback is proposed, considering the accumulated surplus funds available with the Company, after considering the funds required for the future growth of the Company as envisaged by the Board of Directors.
- c) Consequent to the Buyback, the ratio of the aggregate of secured and unsecured debts owned by the Company after the Buyback will not be more than twice of the paid-up share capital and free reserves based on both audited standalone and consolidated financial statements of the Company.
- d) Pursuant to Regulation 16(ii) of the Buyback Regulations, the promoter and members of the promoter group and persons in control of the Company shall not participate under the Buyback. The Buyback of Equity Shares will not result in a change in control or otherwise affect the existing management structure of the Company.
- e) Consequent to the Buyback and based on the number of Equity Shares bought back from the shareholders excluding the promoter and the members of the promoter group of the Company and persons in control of the Company, the shareholding pattern of the Company would undergo a change. Pursuant to Regulation 16(ii) of the Buyback Regulations, the promoter and promoter group of the Company are not entitled to participate under the Buyback. The Buyback of Equity Shares will not result in a change in control or otherwise affect the existing management structure of the Company and will not result in the public shareholding falling below 25% of the total fully paid-up equity share capital of the Company.
